

An Invitation

TO WIEHLERTAG FROM JULY 24-26, 2015
AT KOPPELSBERG IN PLÖN

Wiehlertag 7 the Heartbeat of an Extended Family A Reunion of Family and Friends 24-26/07/2015

Dear Family,

This coming summer we will be ready to celebrate our seventh Wiehlertag, this time gathering in North Germany in Plön. We are filled with eager and joyful anticipation as we look forward to our reunion where we hope once again to experience the Spirit of the family.

Our initial responses indicate an expectation of approximately 120-140 participants in Koppelsberg and so far about 30-40 have indicated an interest in the Poland trip to follow. Frank Wiehler deserves our special thanks for taking over the responsibility of planning this trip. About 20 people have registered for the pre-Wiehlertag Schleswig-Holstein-Sightseeing-Tour organized by Brigitte and Horst Dochhan. We are forwarding the invitation and registration to everyone by e-mail. Those without an e-mail address will receive the invitation by regular post. We ask that you please supply the addresses of any family members who have thus far not received any information from us

Our program and the basic costs are outlined on the registration form. Wiehlertag appeals to both young and old alike, spanning a broad spectrum between the serious and the entertaining, the creative and the sporty, but also just relaxing, and above all enjoying each others company.

Upon registering, you will receive the specific program schedules with directions and the arrival schedule for Koppelsberg. Further information will be available in due time on our Homepage <http://www.wiehler.org>. You can print off and send us the various registration forms for Wiehlertag, the Poland trip and/or the Schleswig-Holstein-Sightseeing-Tour from the enclosed PDF files.

If there are more than 4 people in your group, please print off a second form to fill out and send in.

Please call if you have any further questions.

We would like it if everyone, as their own personal input to Wiehlertag, would make a poster of themselves or their family or of anything they wish to put together, and bring it along to our gathering to share with others.

For translation we thank Hans-Dieter Schowalter (14552)

We look forward to your responses.

Heartfelt greetings from your Wiehler-Planning Team
